

## INDEPENDENT AUDITOR'S REPORT

To the Members of Paranjape Schemes (Construction) Limited

### Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the standalone financial statements of Paranjape Schemes (Construction) Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss, Statement of Changes in Equity, the Statement of Cash Flows for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its loss, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of Matter

We draw attention to the following matters in the Notes to the standalone financial statements:

- a) Note 51 to the standalone financial statements which states that the management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2020 and has concluded that there is no significant impact which is required to be recognised in the financial statements. Accordingly, no adjustments have been made to the standalone financial statements.
- b) As detailed in Note 40 of the standalone financial statements which states that the Company had entered into a merger scheme to amalgamate certain subsidiaries with the Company. However, one of the requisite conditions of the merger scheme i.e. issuance of shares of the Company to the minority shareholders of M/s Flagship Infrastructure Limited ('FIL') in lieu of the shares held in FIL was not met on account of the shares being acquired by the Company from such minority shareholders of FIL.

The Company, based on a legal opinion obtained from an independent legal counsel, believes that such transaction does not lead to any contravention of the scheme of merger post approval even if one of the conditions is not met. We have placed reliance on such legal opinion.

Our opinion is not modified in respect of these matters.

**Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the Annual Report and the Director's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition, we have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matter	How the Key Audit Matter was addressed in our audit
1	<p><b>Revenue recognition:</b></p> <p>Refer to Note 2.2.1 to the standalone financial statements with respect to the accounting policy followed by the Company for recognizing revenue on sale of residential and commercial properties.</p> <p>The Company recognises the revenue from the sale of commercial and residential real estate as and when the control of the underlying asset has been transferred to customer which is linked to the application and receipt of the occupancy certificate.</p> <p>We considered revenue recognition as a key audit matter in view of the following:</p>	<p>Our audit procedures in respect of this area included the following:</p> <ul style="list-style-type: none"> <li>• Evaluated that the Company's revenue recognition accounting policies are in line with Ind AS 115 'Revenue from contracts with customers' and their application to the customer contracts;</li> <li>• Verified the sample of revenue contract for sale of residential and commercial units to identify the performance obligations of the Company under these contracts and assessed whether these performance obligations are</li> </ul>

Sr. No	Key Audit Matter	How the Key Audit Matter was addressed in our audit
	<ul style="list-style-type: none"> <li>A significant audit risk was identified with respect to recognition of revenue on transfer of control and the underlying performance obligations.</li> <li>The revenue and cost thereon forms a substantial part of the standalone statement of profit and loss and therefore are also one of the key performance indicators of the Company.</li> </ul>	<p>satisfied over time or at a point in time based on the criteria specified under Ind AS 115;</p> <ul style="list-style-type: none"> <li>Verified, on test check basis, revenue transaction with the underlying customer contract, Occupancy Certificates (OC) and other documents evidencing the transfer of control of the asset to the customer based on which the revenue is recognized; and</li> <li>Assessed the standalone financial statement disclosures to determine if they are in compliance with the requirements of Ind AS 115.</li> </ul>
2	<p><b>Inventory valuation (NRV):</b></p> <p>Refer to Note 2.2.9 to the standalone financial statements which includes the accounting policy followed by the Company for valuation of inventory.</p> <p>The Company's properties under development and completed properties are stated at the lower of cost and Net Realizable Value (NRV). As at March 31, 2020, the Company's properties under development and stocks of completed properties amounted to INR 14,238.39 Million and INR 785.91 Million respectively.</p> <p>The cost of the inventory is calculated using actual land acquisition costs, construction costs, development related costs and borrowing costs capitalized for eligible project.</p> <p>We considered the valuation of inventory as a key audit matter because of the relative size of the balance in the standalone financial statements and significant judgement involved in estimating future selling prices, costs to complete project and possible effect on the above estimates because of COVID -19.</p>	<p>Our procedures in relation to the NRV of the properties under development and stocks of completed properties included:</p> <p>Reviewed the process and methodology of using key assumptions for determining the valuation of inventory as at the year-end;</p> <p>Assessed the appropriateness of the selling price estimated by the management, on a sampling basis, by comparing the estimated selling price to the subsequent sale prices of constructed units of the same project, recent market prices in the same projects or comparable properties; and</p> <p>Compared the estimated construction cost to complete the project with the Company's updated budget.</p>
3	<p><b>Impairment of financial assets (loans and investments):</b></p> <p>Refer to Note 2.2.16 to the standalone financial statements which include the</p>	<p>Our procedures in relation to assessment of impairment and conclusion on the same included the following:</p>

Sr. No	Key Audit Matter	How the Key Audit Matter was addressed in our audit
	<p>accounting policy followed by the company for impairment of financial assets.</p> <p>The Company has made investments into various subsidiaries / joint ventures and also has advanced loans to group companies in relation to construction projects undertaken by them and acquisition of land in future.</p> <p>The investments and advances (forming part of non-financial assets) are valued at carrying value less impairment, if any.</p> <p>We considered the impairment assessment of investments and above advances as a key audit matter because of the relative size of the balance in the standalone financial statements and impairment triggers amidst COVID-19 situation.</p>	<p>With respect to equity investment, obtained the financial position of each of the companies / firms / LLPs where the investment is made by the Company. Wherever there is an observation of trigger of impairment, the management has obtained a fair valuation report for such investment and ensured appropriate provision for impairment (if any) is accounted for in the books of account.</p> <p>With respect to the advances paid, obtained the latest financial information to assess the equity and liquidity position of such companies. For the instances where the losses have either eroded the net-worth or the reserves exceed a considerable portion of the paid up equity, based on inquiry and discussions, assessed the recoverability of the advances basis the projections of such companies and wherever the recovery is doubtful, appropriate provision is taken in the books of account.</p>
4	<p><b>Impairment of financial assets (land advances and trade receivables):</b></p> <p>Refer to Note 2.2.16 to the standalone financial statements which include the accounting policy followed by the company for impairment of financial assets including estimation of expected credit loss ('ECL').</p> <p>The Company has advanced amounts in relation to acquisition of land in future. The Company also has trade receivables pertaining to constructed units sold, rental receivables, inter-company receivables for management fee, etc.</p> <p>The land advances (forming part of non-financial assets) are valued at carrying value less impairment, if any. The trade receivables are assessed for ECL on account of time efflux and credit risk on account of aged receivables.</p> <p>We considered the impairment assessment of land advances and trade receivables as a key audit matter because of the relative size of the balance in the standalone financial statements and impairment triggers amidst COVID-19 situation.</p>	<p>Our procedures in relation to assessment of impairment and conclusion on the same included the following:</p> <p>With respect to the land advances paid, obtained the schedule and ageing for the same. For the aged balances, based on inquiry and discussions, assessed the recoverability of the advances and wherever the recovery is doubtful, appropriate provision is taken in the books of account.</p> <p>With respect to estimation of ECL, the ageing of receivable balances is analysed and appropriate percentage of ECL is applied for receivables for each ageing bucket. Appropriate provision for loss of interest due to aged receivables is also accounted for.</p>

Sr. No	Key Audit Matter	How the Key Audit Matter was addressed in our audit
5	<p><b>Fair valuation of hybrid financial instruments:</b></p> <p>Refer to Note 2.2.16 to the standalone financial statements which include the accounting policy followed by the company for fair valuation of financial assets and liabilities in case of hybrid financial instruments.</p> <p>The standalone financial statements include certain financial instruments which are hybrid in nature.</p> <p>We considered the fair valuation of such hybrid financial instruments as a key audit matter because of the complexity of judgement involved in estimation of forecasted financial performance.</p>	<p>Our procedures in relation to fair valuation of financial instruments included the following:</p> <p>Reviewed the management's conclusion of accounting decision for such instruments (i.e. Fair value through income statement or Fair value through other comprehensive income).</p> <p>Upon conclusion of the accounting decision, inquiries / verification with respect to the assumptions and underlying factual and projection data are made in order to assess the reasonability of the same.</p> <p>The accounting of the adjustments arising out of such fair value estimation including the appropriate disclosures are verified.</p>

### Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

**Other Matter**

- a) The standalone Ind AS financial statements of the Company for the year ended March 31, 2019, were audited by another auditor whose report dated May 29, 2019 expressed an unmodified opinion on those statements.
- b) Due to the restrictions and lock down laid by the government due to the COVID-19 pandemic it was impracticable for us to attend the physical verification of inventory of raw material carried out by the management subsequent to year end. Consequently, we have performed related alternative audit procedures such as roll forward procedures etc. and have obtained sufficient, appropriate audit evidence over the existence of inventory of raw materials amounting to Rs. 248.54 million as on March 31, 2020.

Our opinion is not modified in respect of these matters.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As also detailed in note 41 to the standalone financial statements, the Company has not complied with the requirements of Regulation 52 of the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure) Requirements 2015 in connection with the declaration of audited annual results within the prescribed (and extended) statutory timelines.
3. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended.
- (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, except in respect of one director who has vacated office vide resolution passed at the Board of Directors Meeting held dated September 17, 2018, but Form DIR - 12 has not yet been filed with Registrar of Companies, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 38 to the standalone financial statements;
  - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
  - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
4. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF PARANJAPE SCHEMES (CONSTRUCTION) LIMITED**

**Auditor's Responsibilities for the Audit of the Financial Statements**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

# MSKA

Chartered Accountants

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**ANNEXURE B TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF PARANJAPE SCHEMES (CONSTRUCTION) LIMITED FOR THE YEAR ENDED MARCH 31, 2020**

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets (Property, Plant and Equipment).
- (b) All the fixed assets (Property, Plant and Equipment) have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable. No material discrepancies were noticed on verification between the physical stock and the book records.
- (iii) The Company has granted unsecured loan to four companies/body corporates covered in the register maintained under section 189 of the Act.
- (a) The Company has granted unsecured loans without any stipulation for payment of interest or principal to its wholly owned subsidiary companies, which in the view of the management has been given for furthering the business of the Company, and hence the same has not been considered to be prejudicial to the interest of the Company.
- (b) In case of the loans granted to the companies / body corporates listed in the register maintained under section 189 of the Act, schedule of repayment of principal and payment of interest have not been stipulated. In the absence of stipulation of repayment terms are unable to comment on the regularity of repayment of principal and payment of interest.
- (c) According to the information available and the response to the above clause regarding stipulation of repayment of principal / interest, we are not able to comment on this clause in relation to delays in realisation of principal and interest.
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, in respect of loans, investments, guarantees and security made.

- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits during the year from the public within the meaning of Sections 73 to 76 of the Act and the rules framed there under.
- (vi) We have broadly reviewed the books of account relating to materials, labour and other items of cost maintained by the Company pursuant as specified by the Central Government for the maintenance of cost records under sub-section (1) of section 148 of the Act and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax, duty of customs, cess and any other statutory dues applicable to it except for instances where there are delays ranging between 176 and 298 days in case of remitting withholding taxes in certain cases.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of income-tax, duty of custom, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable except for the below instances of remittance of withholding taxes:

Name of Statute	Nature of the dues	Amount (Rs.)	Due Date	Date of Payment	Remarks, if any
Income-tax Act, 1961	Withholding taxes	269,855	June 7, 2019	Not paid	
		2,235,389	July 7, 2019		
		1,548,375	August 7, 2019		
Maharashtra VAT Act, 2002	Value added taxes	2,599,490	April 27, 2018	Not paid	

- (c) According to the information and explanation given to us and examination of records of the Company, there are no outstanding dues of income-tax, goods and service tax, customs duty, cess and any other statutory dues on account of any dispute except as below:

Name of the Statute	Nature of the Dues	Amount (Rs.)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Maharashtra VAT Act, 2002	Value added taxes	95,480,270	2006-07 to 2012-13	Commercial tax officer, Pune	Net of amount paid under protest INR 3,387,500

- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to the financial institution, bank or debenture holders.
- (ix) In our opinion, according to the information explanation provided to us, money raised by way of term loans during the year have been applied for the purpose for which they were raised. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- (x) During the course of our audit, examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees.
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii) of the Order are not applicable to the Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable Accounting Standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has made preferential allotment or private placement of shares or fully or partly convertible debentures during the year and the requirements of Section 42 of the Act have been complied with. The amount raised has been used for the purposes for which they were raised.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, provisions stated in paragraph 3(xv) of the Order are not applicable to the Company.

**ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF PARANJAPE SCHEMES (CONSTRUCTION) LIMITED**

[Referred to in paragraph 3(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of Paranjape Schemes (Construction) Limited ('the Company') as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI') (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls with reference to financial statements.

**Meaning of Internal Financial Controls with reference to Financial Statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Qualified opinion**

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified in the operating effectiveness of the Company's internal financial controls with reference to financial statements as at March 31, 2020:

The Company's internal financial controls over timely review of accounting of transactions and balances of construction work-in-progress for projects formerly under Flagship Infrastructures Limited (which was merged with the Company during the financial year ended March 31, 2020) were not operating effectively which could potentially result in the Company not accounting for costs pertaining to units sold and allocation of appropriate common costs incurred to each identified project / unit.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Company has, in all material respects, maintained internal financial controls with reference to financial statements as of March 31, 2020, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note, and except for the effects/possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company's internal financial controls with reference to financial statements were operating effectively as of March 31, 2020.

# MSKA

**& Associates**

Chartered Accountants

We have considered the material weakness/es identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2020 financial statements of the Company, and the / these material weaknesses do not affect our opinion on the standalone financial statements of the Company.

## **1. Corporate Information**

Paranjape Schemes (Construction) Limited is a public limited company. The Company was incorporated on September 18, 1987, at Mumbai as a private limited company under the Companies Act, 1956 and converted into a public limited company pursuant to approval of the shareholders in an extraordinary general meeting held on March 24, 2005 and consequently, the name of Company was changed to Paranjape Schemes (Construction) Limited. Its Registered Office is situated at Somnath, CTS No. 988, Ram Mandir Road, Vile Parle (East), Mumbai 400 057 and corporate office is situated at PSC House, Dr. Ketkar Marg, Anand Colony, Off Prabhat Road, Erandwane, Pune 411 004 The Company is primarily engaged in the business of Real Estate Development Projects. Its non-convertible debentures are listed on Bombay stock exchange. The Corporate Identification Number (CIN) of the Company is U70100MH1987PLC044721.

## **2. Basis of Preparation of Financial Statements and Accounting Policies**

### **2.1. Basis of Preparation of Financial Statements**

#### **(a) Statement of Compliance with Ind AS**

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements were authorized for issue by the Company's Board of Directors on January 27, 2021.

#### **(b) Basis of measurement**

The financial statements have been prepared on a historical cost convention on accrual basis, except for certain financial assets and liabilities that have been measured at fair value as required by relevant Ind AS.

#### **(c) Current/Non-current classification of assets/ liabilities**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

**(d) Use of estimates**

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

**(e) Functional and presentation currency**

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to the nearest million, unless otherwise indicated.

**(f) Measurement of Fair values**

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the notes regarding Financial Instruments.

**2.2. Significant accounting policies**

**2.2.1. Revenue from contracts with customers**

Pursuant to the application of Ind AS 115 - 'Revenue from Contracts with Customers' effective from 1 April 2018, the Company has applied following accounting policy for revenue recognition:

Revenue is measured at the fair value of the consideration received/ receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government and is net of rebates and discounts.

Revenue is recognized in the income statement to the extent that it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably.

The Company has applied five step model as per Ind AS 115 'Revenue from contracts with customers' to recognize revenue in the financial statements. The Company satisfies a performance obligation and recognizes revenue over time, if one of the following criteria is met:

**Paranjape Schemes (Construction) Limited**  
**Notes forming part of the Financial Statements for the year ended 31 March 2020**

- a. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
- b. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c. The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognized at the point in time at which the performance obligation is satisfied.

Revenue is recognized either at point of time or over a period of time based on various conditions as included in the contracts with customers.

**Point of Time: Revenue from real-estate project**

Revenue is recognized at a Point-in-time w.r.t. sale of real estate units, including land, plots, apartments, commercial units, development rights as and when the control passes on to the customer which coincides with handing over of the possession to the customer.

The date on which the possession of the unit is transferred is held as the basis of transfer of control and revenue is recognised accordingly. All expenses directly related to projects are treated as Work in Progress (WIP). Whenever such sale is made, proportionate amount of Work in Progress (attributable to the area of the sold unit) is charged to Cost of Land, Development Rights and Constructed Properties at the point in time when such sale is made. Other expenses not directly attributable to the project is considered as a period cost and charged to Profit or Loss.

When it is probable that the total project costs will exceed the total project revenue, the entire expected loss is immediately recognised as an expense.

When project cost incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is shown as amounts due from customers for project work. For contracts where progress billings exceed project costs incurred to date plus recognised profits less recognised losses, the surplus is shown as the amounts due to customers for project work. Amounts received before the related work is performed are included in the Balance Sheet, as advances received under liability. Amounts billed for work performed but not yet paid by the customer are included in the Balance Sheet under trade receivables.

**Sale of Land / TDR**

Revenue from sale of land / Transferable Development Rights (TDR) is recognised when the agreement to sell is executed resulting in transfer of all significant risk and rewards of ownership and possession is handed over to the buyer.

**Other Operating revenue**

Project management fees, rentals, sub lease and maintenance income are recognized on accrual basis as per the terms and conditions of relevant agreements.

**Share of Profit / (Loss) from partnership firms / LLPs**

Share of profit/ (Loss) from partnership firms/LLPs in which the Company is a partner is recognized based on the financial information provided and confirmed by the respective firms.

**Interest Income**

Interest Income is recognized on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

### **2.2.2. Property, plant and equipment and depreciation**

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Gains or losses arising from derecognition of Property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'

### **2.2.3. Investment properties**

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

### **2.2.4. Depreciation on property, plant and equipment and investment properties**

#### Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment over their estimated useful lives using the written down value method. The estimated useful lives of assets are as prescribed in Schedule II of Companies act, 2013

Depreciation on additions to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

### **2.2.5. Intangible assets and amortisation**

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Software and Trademark Rights are amortised over their assessed useful life of 6.5 years and 20 years.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for

an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

#### **2.2.6. Foreign Currency Transactions**

On Initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the statement of Profit and loss.

Non- monetary items are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

#### **2.2.7. Taxes**

Tax expense for the year, if any, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year, except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

##### **(a) Current income tax**

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year-end date.

Current income tax related to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

##### **(b) Deferred tax**

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

#### **2.2.8. Contract assets and contract liabilities**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

#### **2.2.9. Inventories**

**Raw materials:** Raw materials are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average cost method is used.

**Construction work-in-progress:** Direct expenditure relating to construction activity is inventorised. Other expenditure during construction period is inventorised to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use. Other expenditure incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the statement of profit and loss. Direct and other expenditure is determined based on specific identification to the construction activity. Cost incurred/ items purchased specifically for projects are taken as consumed as and when incurred/ received. Work-in-progress represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognized. Work-in-progress is valued at lower of cost and Net Realizable Value (NRV). NRV in respect of inventories under construction is assessed with reference to market prices (reference to the recent selling prices) at the reporting date less estimated costs to complete the construction, and estimated cost necessary to make the sale. The costs to complete the construction are estimated by management.

#### **2.2.10. Impairment of non-financial assets**

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

### **2.2.11. Provisions and contingent liabilities and contingent assets**

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are not recognized. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, and is recognized as an asset.

### **2.2.12. Borrowing Costs**

Borrowing costs are interest and other costs incurred in connection with borrowings of funds. Borrowing costs directly attributable to acquisition/ construction of qualifying assets are capitalised until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use/ sale. All other borrowing costs not eligible for inventorisation/ capitalisation are charged to statement of profit and loss.

### **2.2.13. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and short-term deposits net of bank overdraft.

### **2.2.14. Employee benefits**

#### **Short-term employee benefits**

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

#### **Post-employment benefits**

Contributions to defined contribution schemes such as Provident Fund, Employees State Insurance, are recognised as expenses in the period in which the employee renders the related service. The Company has no further obligations beyond its monthly contributions.

The Company also provides for post-employment defined benefit in the form of gratuity. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the Statement of Profit and Loss.

### **Other long-term employee benefits**

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at every year end using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

### **2.2.15. Leases**

#### **Accounting under Ind AS 116 "Leases" w.e.f. 1st April, 2019**

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

#### **As a lessee:**

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term. Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost at the commencement date. At the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company uses its incremental borrowing rate as the discount rate.

After the commencement date, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses, and the lease liability is measured by

- (i) increasing the carrying amount to reflect interest on the lease liability;
- (ii) reducing the carrying amount to reflect the lease payments made; and
- (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease payments.

Interest on the lease liability in each period during the lease term is the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability. Interest expense on the lease liability is a component of finance costs.

#### **Accounting under Ind AS 17 "Leases" up to 31st March, 2019**

#### **As a lessee:**

Operating lease: Leases where the lessor retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating leases are recognized in the statement of profit or loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases

## 2.2.16. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### a) Financial assets

#### (i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### (ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

*Amortized cost:* Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

*Fair value through other comprehensive income (FVOCI):* Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

*Fair value through profit or loss:* Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

*Equity instruments:* All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

#### (iii) Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

**(iv) Derecognition of financial assets**

A financial asset is derecognized only when:

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

**(b) Financial liabilities**

**(i) Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

**(ii) Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

*Financial liabilities at fair value through profit or loss:* Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

*Loans and borrowings:* After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(c) **Embedded derivatives**

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract – with the effect that some of the cash flows of the combined instrument vary in a way similar to a standalone derivative. Derivatives embedded in all other host contract are separated if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

(d) **Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

**2.2.17. Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year, if any. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

### **3.1. Recent Indian Accounting Standards (Ind AS)**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

### **3.2. Significant accounting judgments, estimates and assumptions**

In the preparation of the financial statements, the Company makes judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively. Information about assumptions, judgments and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2020 are as below

#### **(a) Revenue from contracts with customers**

The Company has applied judgments that significantly affect the determination of the amount and timing of revenue from contracts with customers.

#### **(b) Taxes**

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company neither have any taxable temporary difference nor any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Company has determined that it cannot recognize deferred tax assets on the tax losses carried forward.

#### **(d) Fair value measurement of financial instruments**

When the fair values of the financial assets and liabilities recorded in the balance sheet cannot be measured based on the quoted market prices in active markets, their fair value is measured using valuation technique. The inputs to these models are taken from the observable market where possible, but where this is not feasible, a review of judgment is required in establishing fair values. Any changes in the aforesaid assumptions will affect the fair value of financial instruments.

#### **(e) Evaluation of Net realizable Value of Inventories**

Inventories comprising of completed flats and construction-work-in-progress are valued at lower of cost and net realizable value. Net Realizable value is based upon the estimates of the management. The effect of changes, if any, to the estimates is recognized in the financial statements for the period in which such changes are determined.

#### **(f) Impairment of financial assets**

The Company applies significant judgement with respect to impairment assessment of financial assets comprising trade receivables, loans, land advances etc.

**(d) Rights, preferences and restrictions attached to shares**

The Company has only one class of shares referred to as Equity Shares having par value of Rs.10/- . Each holder of Equity Shares is entitled to one vote per share.

In the event of liquidation of the Company, the holders of Equity Shares will be entitled to receive any of the remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of Equity Shares held by the shareholders.

(e) The Company had issued bonus shares (67,666,668 equity shares for consideration other than cash) in the ratio of 2.5:1 (2.5 bonus shares for 1 equity share held) approved by Board of Directors pursuant to a resolution passed at their meeting held on February 17, 2015 and resolution passed by Shareholders at the Extraordinary General Meeting held on February 24, 2015, through capitalisation of the securities premium account amounting to Rs. 676.66 Million. These equity shares were allotted on March 13, 2015.

(f) No class of shares have been bought back by the Company during the period of five years immediately preceding the current year end.

Interest on loan given to PSC Global Inc	USD	0.01	0.49	-	-

**40 Merger of Flagship Infrastructure Limited ('FIL'), Matrix Developers Limited ('Matrix') and Menthol Developers Private Limited ('Menthol') with the Company**

The Mumbai bench of National Company Law Tribunal ('NCLT') approved the following schemes of merger as below:

- Merger of Matrix with the Company (appointed date of April 1, 2017) vide approval dated June 24, 2019; and
- Merger of FIL and Menthol with the Company (appointed date of April 1, 2017) vide approval dated January 31, 2020.

**Approved scheme of Merger between Matrix and the Company**

In March 2018, the Board of Directors had approved the draft scheme of Amalgamation between Matrix (as transferor company) and the Company (as transferee company). Since Matrix was a wholly owned subsidiary, the merger has been given effect by absorption of assets and liabilities of Matrix and the equity shares of Matrix stand cancelled and extinguished as prescribed under Section 230 to 232 of the Act.

**Approved scheme of Merger between FIL, Menthol and the Company**

In March 2018, the Board of Directors had approved the draft scheme of Amalgamation between FIL and Menthol (as transferor companies) and the Company (as transferee company). Considering both the transferor companies are subsidiaries of the Company as at the appointed date, the common control has been established.

Further, since Menthol was a wholly owned subsidiary, the merger scheme has been given effect by absorption of assets and liabilities of Menthol and the equity shares of Menthol stand cancelled and extinguished as prescribed under Section 230 to 232 of the Act.

**In case of FIL, below was the merger process as per the scheme:**

Considering the fact that the shareholding of FIL also included other shareholders (the 'Other Shareholders'), the Board of Directors of both the companies had agreed to an exchange ratio of 4,230 equity shares of a face value of INR 10 each of the Company to be issued to the Other shareholders of FIL for every 100 equity shares (with INR 10 as the face value) held in FIL. This exchange ratio has been agreed based on valuation. Accordingly, the 969,216 equity shares held by the Other shareholders of FIL would be eligible for 40,997,837 equity shares in the Company. As a result of above scheme, a total of 40,997,837 equity shares were pending to be allotted as on March 31, 2019.

**Brief snapshot of the merger (including assets taken over, consideration payable and capital reserve):**

	(Rs. in Million)		
	FIL	Matrix	Menthol
Total external assets as at March 31, 2019 (A)	9,812.18	4,930.16	1.19
Total external liabilities (non-current) (B)	1,939.22	2,514.10	-
Total external liabilities (current) (C)	3,915.90	1,488.45	0.11
Net assets acquired (D=A-B-C)	3,957.06	927.61	1.08
Reserves (preserved as is) (E)	3,933.76	274.62	0.98
Net equity and borrowing (F=D-E)	23.30	652.99	0.10
Consideration payable for Other shareholding (G)	409.97	N.A.	N.A.
Value of investment in the books of the Company (H)	1,421.56	1,676.95	0.56
Net gain / (loss) out of the merger (I=F-G-H)	(1,808.23)	(1,023.96)	(0.46)
Aggregate of loss on merger (treated as capital reserve)			(2,832.65)

**In case of FIL, below was the merger process as per the scheme:**

During the year ended March 31, 2020, while the scheme was pending with the NCLT, the Company acquired the shareholding of the Other shareholders (holding 969,216 equity shares) of FIL at an agreed acquisition price. Accordingly, the condition for issuance of shares to the Other shareholders was no longer valid. The Company, based on an opinion from an independent legal counsel, believes that such act of acquisition of shareholding during the pre-approval stage of the merger scheme is not in contravention with section 230 to 232 of the Act. Accordingly, there is no further issuance of equity share capital to such Other shareholders of FIL during the year. The Company has filed the requisite forms (INC-28 along with the order with the NCLT) with the Registrar of Companies ('ROC'). The Company has responded to the queries raised till date by the ROC, however, the approval is still awaited as on the date of adoption of standalone financial statements.

**Accordingly, the balance of capital reserves as at March 31, 2020 was adjusted as below:**

	(Rs. in Million)	
Capital reserves as per computation above as at March 31, 2019		(2,832.65)
Adjust:		
Relinquishment of liability pertaining to issue of equity shares of the Company to the Other shareholders of FIL	409.97	
Liability arising out of agreed acquisition of shareholding of the Other shareholders of FIL	(1,400.00)	(990.03)
Adjusted Capital reserves as at March 31, 2020		(3,822.68)

The liability arising out of agreed acquisition of shareholding of the Other shareholders of FIL has been shown separately in the standalone financial statements to the extent outstanding as at March, 31, 2020.

**PARANJAPE SCHEMES (CONSTRUCTION) LIMITED**

Notes forming part of financial statements for the year ended 31 March 2020

41 The Government of India declared a nationwide lockdown due to pandemic of Covid 19. As a consequence, the Company closed down all its business operations and functions which resulted in all the work relating to accounts department closed down totally. All this happened during the peak times of finalization of accounts of the Company. After the lockdown was lifted up partially, the Company too started functioning, albeit with around 10% attendance. This seriously affected the work of finalization of accounts and audit thereof. Considering the loss of time and other practical difficulties, the Company applied for and obtained extension of time to hold its Annual General Meeting on or before Dec 31, 2020. However, due to difficulties in finalizing the accounts of its US based subsidiaries, the Company could not finalize its consolidated accounts on or before Dec 31, 2020 thereby it did not hold its AGM for FY 2019-20 on or before Dec 31, 2020.

42 As per Terms of Reference of Audit Committee, the audit committee is obligated to oversee the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible. Additionally, the audit committee is also required to review, with the management, the annual financial statements and auditor's report thereon before submission to the Board for approval, with particular reference to inter alia: (a) matters required to be included in the director's responsibility statement to be included in the Board's report in terms of Section 134(3) of the Act; (b) compliance with listing and other legal requirements relating to financial statements as per Companies Act, 2013.

The Companies Act, 2013 provides that the Audit Committee shall consist of a minimum of three directors [with independent directors forming a majority].

However, due to resignations of a couple of Independent Directors there are insufficient number of Independent Director on the Company's Board. The Company is taking all efforts to form Audit Committee as per the Companies Act, 2013.

In the absence of Audit Committee, the Board of Directors has ultimate power and responsibility to declare that the financial statement, including consolidated financial statement, if any, are correct, sufficient and credible in accordance with accounting standards and Companies Act, 2013

43 Employee benefits

(A) Defined Contribution Plans

(Rs. in Million)

During the year, the Company has recognized the following amounts in the Statement of Profit and Loss (Refer note 31) -	31 March 2020	31 March 2019
Employers' Contribution to Provident Fund	14.16	14.72
Employee State Insurance Contribution (ESIC)	1.04	1.92
Labour Welfare fund	0.38	0.88
Employee Deposit Linked Insurance Scheme (EDLI)	0.07	0.07
	15.65	17.59

The above amounts represent contributions payable to these plans by the company at rates specified in the rules of the plans.

(B) Defined benefit plans

a) Gratuity payable to employees

The defined benefit plan comprises of Gratuity. The defined benefit plan is fully funded.

Under the plan, gratuity is payable to all the eligible employees at the rate of 15 days salary for each year of service, without any payment ceiling. The formula to calculate daily salary is  $1/26 \times \text{Monthly salary} \times \text{number of years of completed service}$ .

These plans typically expose the company to actuarial risks such as future salary and escalation Risk, Asset Liability Matching Risk, Discount Risk and Asset risk.

**Future Salary and Escalation risk:** Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

**Asset Liability Matching Risk:** Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuation swings caused by interest rate movements. Hence companies are encouraged to adopt asset-liability management.

**Discount Risk:** Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

**Asset Risk:** All plan assets are maintained in a trust fund managed partly by a public sector insurer viz; LIC of India and partly managed by private sector insurer viz; SBI Life Insurance Company Limited.

The company has opted for a traditional fund where in all assets are invested primarily in risk averse markets. The company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claim settlement and hence 100% liquidity is ensured. Also interest rate and inflation risk are taken care of.

In respect of the plan, the most recent actuarial valuation of the plan assets and the present value of defined benefit obligation were carried out as at March 31, 2020 by Ranadey Professional Services, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the Projected Unit Credit method.

i) Changes in the present value of defined benefit obligation

(Rs. in Million)

	31 March 2020	31 March 2019

<b>Net asset / (liability) recognised in balance sheet*</b>	<b>-84.42</b>	<b>-64.56</b>	

\*Included In provision for employee benefits (Refer note 22 and 26)

vi) Actuarial assumptions			(Rs. in Million)
	31 March 2020	31 March 2019	
Discount rate (per annum)	6.90%	PSCL & MDL- 7.8% FIL- 7.2%	
Rate of increase in Salary	6.00%	6.00%	
Expected Rate of return on plan assets	7.80%	PSCL & MDL- 7.8% FIL- 7.7%	
Retirement age (in years)	60.00	60.00	
Average attained age (in years)	40.63	40.00	
Average past year of services (in years)	8.93	8.31	
Average remaining working lives of employees (years)	15.01	13.41	
Attrition rate	2.00%	PSCL & MDL- 2% FIL- 14%	

Notes:

- The rate used to discount post-employment benefit obligations is determined by reference to market yields at the end of the reporting period on government bonds.
- The estimates of future salary increases considered in the actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(Rs. in Million)

vii) Expected contribution to the fund in the next year		31 March 2020	31 March 2019
Gratuity		1.00	3.50

viii) A quantitative sensitivity analysis for significant assumption as at 31 March 2020 is as shown below:

Sensitivity analysis method

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

A) Impact of change in Discount rate when base assumption is decreased / increased by 100 basis point

		(Rs. in Million)

**PARANJAPE SCHEMES (CONSTRUCTION) LIMITED**

**Notes forming part of financial statements for the year ended 31 March 2020**

**44 Segment Reporting**

Information reported to the chief operating decision maker (CODM) for the purposes of resource allocation and assessment of segment performance focuses on the types of goods or services delivered or provided. The Company is engaged in development of real estate property, operating in India, which in the context of Indian Accounting Standard 108 'Segment Information' represents single reportable business segment. The revenues, total expenses and net profit as per the Statement of profit and loss represents the revenue, total expenses and the net profit of the sole reportable segment. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

For management purposes, the Company is into one reportable segment that is real estate development. The Managing Director and the Chairman are the Chief operating decision makers of the Company who monitors the operating results of the company for the purpose of making decisions about resource allocation and performance assessment. Company's performance as a single segment is evaluated and measured consistently with profit or loss in the standalone financial statements. Also, the Company's financing (including finance cost and finance income) and income tax are managed on a Company basis.

**PARANJAPE SCHEMES (CONSTRUCTION) LIMITED**

Notes forming part of financial statements for the year ended 31 March 2020

**47 Earnings/ Loss per share**

Basic earnings /(loss) per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings /(loss) per share amounts are calculated by dividing the profit/loss attributable to equity holders (after adjusting for interest on the convertible debentures) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

(Rs. in Million)			
		31 March 2020	31 March 2019
Loss attributable to equity holders	A	(1,392.02)	(359.88)
Add: Interest on convertible debentures		-	-
Loss attributable to equity holders adjusted for the effect of dilution	B	(1,392.02)	(359.88)
Weighted average number of equity shares for basic EPS	C	94.74	94.74
Effect of dilution:			
Convertible debentures		6.67	-
Weighted average number of equity shares adjusted for the effect of dilution	D	101.41	94.74
Basic loss per share (INR)	A/C	(14.69)	(3.80)
Diluted loss per share (INR)	B/D	(14.69)	(3.80)

The Company has Convertible debentures as potential equity shares

Since conversion of above mentioned potential equity shares (Convertible debentures) would decrease loss per share from continuing ordinary activities, these are anti-dilutive in nature and thus the effects of anti-dilutive potential equity shares are ignored in calculating diluted earning per share.

**Financial Instrument:**

**49.1. Capital Management**

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a going concern.

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. Total debt comprises of borrowing which has been detailed in notes 21, 26, 28 offset by cash and bank balances. The Company's finance committee reviews the capital structure of the Company on an ongoing basis. As part of this review, the committee considers the cost of capital and the risks associated with each class of capital.

Particulars	(Rs. in Million)	
	As At 31 March 2020	As At 31 March 2019
Equity Share Capital	947.33	947.33
Other Equity	(1,246.40)	1,139.56
<b>Total Equity Capital (i)</b>	<b>(299.07)</b>	<b>2,086.89</b>
Borrowings	15,182.26	14,984.89
Less: Cash and Cash Equivalents (including bank overdraft and mutual fund investments)	(236.88)	(475.58)
Less: Other bank balances	(80.34)	(207.39)
<b>Net Debt (ii)</b>	<b>14,865.04</b>	<b>14,301.92</b>
<b>Overall financing (iii) = (i) + (ii)</b>	<b>14,565.97</b>	<b>16,388.82</b>
<b>Gearing ratio (ii) / (iii)</b>	<b>1.02</b>	<b>0.87</b>

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2020 and 31 March 2019

**49.2 Financial Instruments by category**

**A) Accounting classification and fair values**

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

**B) Measurement of fair value**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of investments, cash & cash equivalents, other balances with banks, loans, Trade receivables and other financial assets, trade payables, other current liabilities, short term loans from related parties/others approximate their carrying amounts largely due to maturities of these instruments, short term maturities of other instruments.

**C) Fair value hierarchy**

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Particulars	Carrying amount as at		Fair value amount as at	
	31 March 2020	31 March 2019	31 March 2019	March 31, 2018
(Rs. in Million)

(iii) Other Financial Liabilities	11,987.90	12,446.37	11,987.90	12,446.37

**Financial Instrument:**

**49.3 Financial Risk Management Framework:**

The Company's Corporate Treasury function provides services to the business, co-ordinates access to domestic markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports/ discussions which analyse exposures by degree and magnitude of risks. The Corporate treasury function reports periodically to the Finance Committee, an independent body that monitors risks and policies implemented to mitigate risk exposures. These risks market risk including interest rate risk, credit risk and liquidity risk.

The Company does not enter into or trade financial instruments including derivative financial instruments, for speculative purposes.

**i) Credit Risk:** Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, as a means of mitigating the risk of financial loss from defaults. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. The Company uses publicly available information, its own trading records and information supplied by the customers.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables. For credit risk concentration of trade receivables Refer Note 14 to the financial statements.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on (See note 38). As at March 31, 2020, an amount of Rs. Nil Mn ( as at March 31, 2019: Rs. Nil Mn) has been recognised as financial liabilities. These financial guarantees have been issued to banks for the loans granted to the subsidiaries/ joint ventures of the Company.

**ii) Market risk**

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short-term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk.

**A)(a) Foreign currency risk**

The Company is subject to risk of changes in foreign currency values that impact cost of investments and loan given primarily with respect to USD. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. For Company unhedged exposure to foreign currency risk at the end of the reporting period, refer note 39.

**b) Sensitivity -** Sensitivity analysis is not performed as the company unhedged foreign currency exposure is not significant

**B)(a) Interest rate risk Management:**

The company is exposed to interest rate risk because the company borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. The Company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

**b) Interest rate risk exposure**

The exposure of the Company's borrowing to interest rate changes at the end of the reporting

(Rs. In Million)

Particulars	As At 31 March 2020	As At 31 March 2019
Variable rate borrowings	8,849	8,294
Fixed Rate borrowings	6,334	6,691
<b>Total Borrowings</b>	<b>15,182</b>	<b>14,985</b>

**c) Cash Sensitivity Analysis for variable rate instruments**

The sensitivity analysis below has been determined based on the exposure to interest rates at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming that the amount of the liability as at the end of the reporting period was outstanding for the whole year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents Management's assessment of the reasonably possible change in interest rates. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(Rs. In Million)

Particulars	Impact on profit/(loss) - Increase/(decrease)	
	In profit	
	As At 31 March 2020	As At 31 March 2019
Interest rates – increase by 100 basis points *	(88.49)	(82.94)
Interest rates – decrease by 100 basis points *	88.49	82.94

\* Holding all other variables constant

**iii) Liquidity risk management:**

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short term, medium term and long term funding and management requirements. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial Liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the company may be required to pay.

The table below summarises the maturity profile, of the Company's financial liabilities based on contractual undiscounted payments

Particulars	(Rs. In Million)			
	Carrying value	On demand	Less than 1 year	1 to 5 years
<b>As At 31 March 2020</b>				
Borrowings	15,182.26	1,213.61	8,860.27	5,108.38
Trade and other payables	3,547.14	-	3,547.14	-
Other financial liabilities	3,519.11	-	3,127.63	391.47
<b>Total</b>	<b>22,248.51</b>	<b>1,213.61</b>	<b>15,535.04</b>	<b>5,499.86</b>
<b>As At 31 March 2019</b>				
Borrowings	14,984.89	988.60	10,427.14	3,569.15
Trade and other payables	3,039.49	-	3,039.49	-
Other financial liabilities	2,240.76	-	2,019.23	221.53
<b>Total</b>	<b>20,265.14</b>	<b>988.60</b>	<b>15,485.86</b>	<b>3,790.68</b>

The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the Counterparty to the Guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the arrangement. However, this estimate is subject to change depending on the probability of counterparty claiming under the guarantee which is a function of the likelihood that the financial receivables held by the counterparty which are guaranteed suffer credit losses.

**Financial Instrument:**

**49.4] Fair Value measurements**

This note provides information about how the Company determines fair values ( in particular, the valuation techniques and inputs used) of various financial assets and financial liabilities measured on a recurring basis:

Particulars	As At 31 March 2020	Fair value measurement As at end of the reporting period using		
		Level 1	Level 2	Level 3
<b>Assets</b>				
In Equity Instruments of Structured Entities	1.62	-	-	1.62
Investments in mutual fund	3.06	-	3.06	-
Nalanda Shelters Private Limited	925.22	-	925.22	-

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at 31st March, 2019:

Particulars	As At 31 March 2019	Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
<b>Assets</b>				
In Equity Instruments of Structured Entities	1.66	-	-	1.66
Investments in mutual fund	2.95	-	2.95	-

Note 1: Investment in structured entities comprise of investments made in equity shares of some lenders in accordance with the debt covenants. As per past trends and Management estimates, the said investments are recovered at cost. Hence for valuation purposes cost approximates the fair value.

Note 2: At the end of the reporting period, there are no significant concentrations of credit risk for financial assets designated at FVTPL. The carrying amount reflected above represents the Company's maximum exposure to credit risk for such Financial Assets.

**49.5 Fair Value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required):**

The carrying amounts of the following financial assets and financial liabilities are reasonable approximation of their fair values. Accordingly the fair values of such financial assets and financial liabilities have not been disclosed separately.

**a. Financial assets**

- (i) Investments
- (ii) Loans
- (iii) Trade Receivables
- (iv) Cash and Cash Equivalents
- (v) Other bank balances
- (vi) Loans
- (vii) Others Financial Assets

**b. Financial liabilities**

- (i) Trade payables
- (ii) Payables
- (iii) Borrowings
- (iv) Other financial liabilities

**Fair value hierarchy**

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) price is active market for identical assets or liabilities.

Level 2: Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly.

Level 3: Valuation technique for which the lowest level input has a significant effect on the fair value measurement is not based on observable market data.

**Discount rates used in determining fair value**

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted average cost of borrowing of the Company and in case of financial assets is the average market rate of similar credit rated instrument.

The Company maintain policies and procedure to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments.

Fair value of financial assets and liabilities is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

**50 ASK Optionally Convertible Debentures**

During March 2019, the Company issued 10,600 - 0.01% Optionally Converted Debentures of Rs. 1,00,000 each to another party which are convertible to equity shares as per the terms of the agreement of issue of the debentures or redeemable at a specified XIRR. The Company had not accounted for the debentures in accordance with the requirements of IND AS 109 for the year ended March 31, 2019 since the management of the company believes that this adjustment was not necessary for the tenure of the debentures for only two days in the financial year 2018-19. The Company has now accounted for the debentures, after proper evaluation, in accordance with the requirements of IND AS 109 and has restated the financial results for the year ended March 31, 2019, which effect has been stated below. The impact of the same has been stated below :

As at March 31, 2019

Particulars	Amount as originally recognised (Rs. In Million)	Amount required to be recognised (Rs. In Million)	Difference (Rs. In Million)
Value of the Host Contract	788.52	931.60	(143.08)
Value of the Embedded derivative	271.48	143.61	127.87
Total	1,060.00	1,075.21	(15.21)

**51 World Health Organisation ("WHO") declared outbreak of Corona Virus disease ("COVID-19") a global pandemic on March 11, 2020. Consequent to this, the Government of India, declared lockdown on March 23, 2020 and the Company suspended operations in its ongoing project in compliance with the lockdown instructions issued by the Central and State Governments. COVID-19 has impacted the normal business operations of the Company by way of interruption in project execution, supply chain disruption and unavailability of personnel.**

The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the year ended March 31, 2020 and has concluded that no there is no impact which is required to be recognised in the financial results. However, the situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of potential future impact of the COVID 19 pandemic, which may be different from that estimated as at the date of approval of these financial results.

The Management will continue to closely observe the evolving scenario and take into account any future developments arising out of the same.

**52 Figures pertaining to previous period balance sheet have been regrouped / reclassified and are presented after giving effect to the scheme of merger considering such merger is under common control.**
